

🚩 Current Skill Introduction Sorting and searching algorithms

▮

Intro Sorting and Searching Algorithm

Hello again

📖 By now, we have learned the different data structures that exist in programming, also we have seen to divide our algorithm into procedure and function.

It's time to learn some famous algorithms of searching and sorting.

🚩 So during this chapter, we are going to see:

- What are the algorithms of sorting, and their types?
- What are the algorithms of searching, and their types?
